Albuquerque Intergroup Central Office Newsletter

Indeed, the attainment of greater humility is the foundation principle of each of A.A.'s Twelve Steps. For without some degree of humility, no alcoholic can stay sober at all.

TwelveSteps and Twelve Traditions, Step 7, page 70

Step 7 Humbly asked him to remove our shortcomings.

Tradition 7 (Short Form) Every A.A. group ought to be fully self-supporting, declining outside contributions. **(Long Form)** The A.A. groups themselves ought to be fully supported by the voluntary contributions of their own members. We think that each group should soon achieve this ideal; that any public solicitation of funds using the name of Alcoholics Anonymous is highly dangerous, whether by groups, clubs, hospitals, or other outside agencies; that acceptance of large gifts from any source, or of contributions carrying any obligation whatever, is unwise. Then too, we view with much concern those A.A. treasuries which continue, beyond prudent reserves, to accumulate funds for no stated A.A. purpose. Experience has often warned us that nothing can so surely destroy our spiritual heritage as futile disputes over property, money, and authority.

Concept 7 The Charter and Bylaws of the General Service Board are legal instruments, empowering the trustees to manage and conduct world service affairs. The Conference Charter is not a legal document; it relies upon tradition and the A.A. purse for final effectiveness.

ORIGIN OF A WELL-KNOWN QUOTE

Many of us have heard that our co-founder Bill W. said, "If A.A. ever fails, it will be from within," or words to that effect.

Actually, the quote is from the closing talk of the 1977 General Service Conference by Bob. H., who served as G.S.O.'s general manager from 1968-1974. Excerpted here is an interesting piece of A.A. history:

"...all of us are part of the continuum of A.A. history. To some small degree, then, each of us is responsible for A.A.'s future. Some of us, sometimes, are fearful of that future. We fear lest this development, or that problem, may destroy us all. Fear not, my friends. If this Fellowship ever falters, it won't be because of 'two-hatters,' of professionals in the field. Nor will it be caused by future 'Rand-type' reports, or by members with 'other' problems. No, it won't be because of any of these things about which we seem to worry so much. If we ever fail, it will be simply because of us. It will be because we can't control our own egos, nor get along well enough with each other. It will be because we're just not wise enough or good enough to hold this thing together. It will be because we think too much about our 'rights,' and too little about our obligations and responsibilities.

But I don't think we're going to fall apart. I think we are going to stick together and keep A.A. strong and growing."

FROM THE EDITOR'S DESK

I have an apology to make. Last month, I published an article titled "A Seeking Serenity Home Group Member on Tradition 2..." in an inappropriate way. Since the article could be taken as critical of certain trusted servants and a certain homegroup, and especially since the author requested anonymity, what I should have done was make the homegroup in question anonymous also... or not have published the article at all. I had no intentions of causing any individual fellowship members or a group any strife...which has apparently been the case. This will not happen again. Once again, my sincere apologies to all involved and the fellowship in general.

Sobriety birthday submissions (page 5) are on the rise - thank you and keep it up! Article submissions (see this month's submission on page 7 -thanks Linda!)are coming in at a slow but steady pace and are much appreciated. I'm looking for volunteers to write 2 articles - 1) what a desk worker does and what it means to be a Central Office desk worker, and 2) What Central Office does and what it means to the Albuquerque area AA fellowship. I need these articles soon, please email me if you're willing to write one. There are lots of events on the calendar (page 6), but none for July! I'm sure there are things going on this month. Please check the Albuquerque & Area 46 websites or call Central Office to find out what's going on this month. The deadline for submissions for the PIO Masthead Contest is approaching - please have your submissions in no later than July 31st. Email me for a template, details and guidelines.

SUBMISSIONS for PIO publication (articles, stories, announcements, flyers, sobriety birthdays, etc.), letters to the editor, questions, comments, suggestions and criticism are always welcomed at PassItOn@albuquerqueaa.org and will receive a prompt reply and appropriate consideration for publication.

ALCATHON UPDATE

by Skitch F.

The 2012 Alcathon hosted by Central Office is moving forward and AAs are needed on the Alcathon Committee. The next meeting is July 8, 2012 at 3:30 PM after the Intergroup meeting at Brown Baggers' meeting place. The interactions of about ten or so AA members via telephone and email has moved us forward: • We have a location, the Shepherd of the Valley Presbyterian Church on Montano. • We have a draft budget. • We have a draft schedule.

The participation of groups from all the Districts in Bernalillo, Valencia and Sandoval Counties will insure the success of the Alcathon. The Districts are: 3, 11, 12, 13, and 18.

Would you be willing to represent your group and district at Alcathon meetings. The meetings will be monthly from now to December. They will follow the Intergroup Reps meeting which is the second Sunday. The Alcathon meetings will start at 3:30 following the Intergroup Reps meetings.

The Central Office hosts the Alcathon as an AA community event for fellowship and to provide a safe harbor for alcoholics. The intent is two fold: 1) to be responsible and reach out and provide the hand of AA to who ever may wish to come, and 2) not to lose money and maybe even have some excess after the event.

There are questions that arise with the two intentions. They are similar in that in order to reach out our hand to the most people. First, we believe we should provide child care so single parents can come. And, we wonder if having Spanish translation will make it possible for alcoholics who don't speak English to participate.

We would like your input, your group's input, your district's input. Please come to the next Alcathon meeting July 8, 2012 at 3:30 PM after the Intergroup meeting at Brown Baggers' meeting place.

ALCATHON 2012 IS CHILDCARE IMPORTANT?

The Alcathon committee needs to create an estimate of the number of children and ages to move forward with plans to provide childcare at the 2012 Alcathon.

Please email us and let us know if this will allow you to attend and the number and ages of the children.

The Central Office Alcathon wants all who care to be able to join us starting the New Year with a celebration of our sobriety.

Email us: alcathon@albuquerqueaa.org

PASS IT FORWARD

Two Albuquerque AA members who are a couple recently went out to eat at a local Mexican restaurant. Here's what happened:

"We like the food and it's usually very reasonable in price. While eating, we decided to pick out a table and ask the waiter to bring us the other table's bill also. Hoping that the other table would some day "pay it forward" for someone else.

So it was done - we kind of were taken aback when the other bill came and was almost \$35 for 2 people, but no matter - we paid that bill and ours and said nothing to the couple whose bill we paid.

THEN we went to Walgreen's to pick up a prescription for medicine I have to take. There has never been a generic for that medicine and even with my insurance it costs me \$40 each month.

And guess what? When I picked up the prescription I was told there is now for the first time a generic form of it - so it cost me \$5 instead of \$40. Which was \$35 less than usual.....Hmmm -think about it....."

Central Office encourages all groups to elect an Intergroup representative. Join us at the next Intergroup meeting the second Sunday of every month, at 2 pm, at the Brownbaggers.

Central Office Coordinator Thank you for everyone who pitched in to help run central office when Kathy passed. Thank you for not contacting me, it was hard to hear the news that I lost my friend upon my return. The memorial service for her was well attended. I will be looking for a new alt. coordinator to fill the position soon. Desk has been well covered, have had some nights not covered by a night phone due to person not picking up the phone, but had no messages the next morning. Had 17 12-step calls last month, which is higher than usual. Web Hits: 2994. Weekday shifts covered by regulars 88% of the time, weekend shifts covered by regulars 85% of the time. Spoke with someone from MDC that wants to have a meeting taken into their facility. Took information to the appropriate district chair. ?- Is there any kind of announcement to tell the groups about the new position? Yes there will be an announcement in the pass it on and I am accepting resumes.? Is their discussion about wanting to fill the position? Yes the groups will ultimately decide what we do.

Alternate Central Office Coordinator No report. Position open.

Member at Large Will do bylaws in new business.

Pass it On Editor Thank you for article submissions. Looking for an author to write an article about their experience being an Intergroup Rep. Also looking for a desk workers experience article as well. Will present motion next month for 2 extra printing runs. Each run costs about \$100. The first run is to take to groups not involved in Central Office. The other run will be for SWARSA. Events calendar is filling up. This is good! Have not received any submissions for the Masthead contest. It closes on July 21st. Voting for winner will come after that date. June issue was ready and at Central office June 1st, which is my goal date. We are also accepting email PIO subscriptions. We have about 20 so far. Have article in PIO that I should have handled differently. It could be taken as negativity towards a home group. Looking back I wanted the person to have a voice, but see it caused some tension. I apologize for that and will handle it differently in the future.?. The font is getting small. Old people can't read it. I had to get a magnified glass. - In future can I split articles between 2 months and increase font? ?- How many PIO do we print? Currently we have 330 copies printed. The 2 extra runs would be double.

Media Librarian Catching up on CD's. Don't know if people have been returning CD's, will look into it next time I'm at Central Office.

Web Guardian Sent out the e-Pass It On. You can sign up on the webs home page for a subscription which is free! You can subscribe and view from your phones as well.

Schedule Editor Schedule is up to date. Sent new one to printer last week. This is my last IG rep meeting, moving at end of July. July 7th me and my partner will have our going away party at Tech Love. All are invited.

Community Outreach No report.

Special Needs Coordinator We have two sign language interpreted meetings. A Friday night women's meeting and the Hands On group. If your group wants a survey to find out if you can help provide special needs services email me.

OLD BUSINESS

Skitch- We have location (Sheppard of the Valley) and would love to have group reps be involved in the committee. We will have a brief meeting today after rep meeting. **New Schedule Editor:** (Jeremy reads positions description) Linda is only person standing. She has 4 years of sobriety and has worked desk shifts at central office for past 3 years. AI: Move we accept Linda by acclimation. All in favor. None opposed. **Bylaws:** Proposed changes have been posted online, and discussed for a while. 1.) stagger elections, 2.) Change sobriety requirements for coordinator, 3.) Specify treasurers duties, 4.) Changed Public info. To Community outreach., 5.) Change activities chair to IG liaison. Who will not be in charge of events but will be a liaison for the central office and groups. This could involve activities. Motion to approve the new Bylaws. George: Is there any chance that requiring sobriety for a paid worker will get us into trouble with labor laws? The other thing was the graphs that Ashley presented last month about 5% raises. Do we need to do something about that? There is a committee forming to look at the business aspect of central office. That raise came from a motion from a steering committee, but it is not in the Bylaws. Did we ever look into health insurance for the workers? That did not go through due to both workers already having insurance. This can always be brought up again later on down the road. **Skitch:** A lot of jobs have educational/experience requirements, which could be our requirements. I have a concern for staggering the elections. Boards can get disrupted when there are new people coming in all the time. Nancy: I think the elections can be disrupted, but since we are here to help alcoholics new personalities don't bring in new goals. Kristen: Why did we want to stagger it? More of an interest in continuity. People in process can assist new people new to the process. There is an asset to keeping our experience alive and put to use. Steve: I have seen both ways followed. By far I think staggered is the way to go. Motion to accept Bylaws as amended. All in favor: Michael opposed. Minority Opinion: Opposed to putting proposal in legal document. This should be what we do- not what we propose to do (page 4). Peggy- it's not proposed in the final document. Michael- yeah it does say proposed. Peggy- okay that's an editorial issue. I will take out the word proposed. That was not the objective. Jeremy- Does anyone want to change their vote? Yes. Motion: to re-vote. Motion to re-vote- All in favor. Steve: Motion to accept the amended bylaws striking the word proposed. All in favor. None opposed.

NEW BUSINESS

Alli: Received an e-mail asking about Founders Day events. There was one yesterday, but that was all. Should the Intergroup in the future celebrate this day? Kristen: Didn't there used to be something that Central office did? Not that central office put on - but other groups have put events on. Nance: Maybe the new Intergroup Lesion could find out. Have the Black Outs had to postpone? Yes it's going to be the last week in September.

A Message of Hope

by Linda G.

I am amazed each and every time I read “Bill’s Story”, because I am always reminded of how very blessed I am that this courageous, but broken human being was able to create such a committed relationship with God. What a miracle it was, for Bill to embrace such a total surrender to his higher calling and become willing to serve the greater good of mankind. I stand in awe of Bill’s ability to face life on life’s terms, and still be willing to courageously go to great lengths in his faithful compassionate service to his fellows. It is my belief that the precious gift of sobriety blossomed within Bill, when he was able to accept God’s plan for his life with a loving, compassionate heart of surrender. What a truly awesome miracle it is that Bill was given the ability to reach out and affect the lives of Millions of people like me, through the creation of Alcoholics Anonymous.

I can share with you a million experiences in my life that I believe could have led me to live the life of an alcoholic, but in reality it doesn’t matter to me why I became a drunk. My experiences while drinking have left me with no doubt in my mind that I have an allergy to alcohol and I am completely, forever defenseless against that first drink.

My personal story is no different than millions of others like myself. I can rightfully argue that I was in many ways pre-disposed to the life of an alcoholic. My childhood was a living example of insanity. I was born into a family that was incapable of caring for me, or genuinely loving me. My very existence was dependant on parents who were completely incapable of remaining in touch with reality. The trauma, emotional/physical/sexual/spiritual abuse, and abandonment I suffered by the actions of my parents, make it easy for me to justify why I picked up my first drink at the age of 6. I drank simply to escape the reality of the horrible nightmare I was living.

I made my first serious suicide attempt at the age of 14 because my boyfriend threatened to leave me. I couldn’t emotionally cope with the reality that it might just be true that I was broken beyond the ability, to be loveable. My issues with parental abandonment have always been, the driving force behind almost all, of my negative, self defeating, co-dependant behaviors.

I believe it was the hand of God that led me to my final bottom and the realization that I was on a one way path to hell, or total self destruction, if I did not stop living my life based on the injustices I suffered as a child. Pain has always been my number one motivating factor, for my desire to seek comfort in addictive behavior. In a sick way I guess you could say that I actually have somewhat of a love hate relationship with pain. It’s simple really, because for the majority of my life pain was the only thing that I could allow myself to feel. The insanity of my childhood falsely taught me many very damaging beliefs about myself. By far the most damaging, is the belief that I am unworthy of love, and the only love I deserve is filled with drama, crisis, and pain.

My recovery started the day I hit a very dark, lonely, and extremely emotional bottom, in which I was forced, to choose life over death. I honestly reached the jumping off point it talks about in the Big Book of Alcoholics Anonymous where I was faced with the decision, of either believing in God’s power to restore me to sanity, or giving into the pain and allowing it to destroy me.

I believe with all of my heart that God led me into Recovery. I am so very grateful today that I have a loving relationship with a God of my understanding. I am in no way ashamed to say that God is constant in every breath I take today, for without God I accept and understand that I have no real chance of healing, or reaching my higher purpose in this life.

Today I can fully acknowledge that God, Bill W., and the fellowship of Alcoholics Anonymous have blessed my life beyond my ability to express with mere words. In many ways my recovery process has become a journey towards enlightenment. I have learned so many things about myself, my abilities, and my worth to others. It is very true that I was once extremely emotionally, and spiritually broken, but through working the program of Alcoholics Anonymous I have come to understand that even I have worth, and by the Grace of God even I have a chance at redemption.

Because of the program of Alcoholics Anonymous I can live life today, on life’s terms, safe and secure in the knowledge that God will provide all that I need. I am so grateful that I have the ability to face life responsibly today. I feel so blessed that I have the ability to choose an active role of participation in my own recovery outcome, and fully accept how the choices I make today will affect the quality of my life.

In Alcoholics Anonymous I have found all that I need to build a healthy and productive life of service and devotion to God. I am so very aware of how blessed I am to have found this wonderful family of faith. I no longer feel a need to be ashamed of who I am, or where I came from. The intimate, loving, compassionate friendships I have made in Alcoholics Anonymous have taught me that I am worthy of being accepted for exactly who I am.

Life is good.
